

The LIGO Project: Beginning to Future

A Public lecture by **Kip Thorne** and **Rainer Weiss**

Tuesday, July 12 | 7-8:15 pm | Columbia University | Enter on Broadway at 114th

Kip Thorne, Caltech

Rainer Weiss, MIT

Join us as the *Gruber Prize in Cosmology* is presented to Kip Thorne, Rainer Weiss, Ronald Drever, and the entire LIGO Discovery Team in recognition of their recent groundbreaking detection of concurrent gravitational wave signals.

This public award presentation was organized in conjunction with the 21st International Conference on General Relativity and Gravitation. You may register at: <http://bit.ly/29pilPA>
